ABOUT US

H2O Enviro Management is a certified company committed to the ongoing effort to combat water scarcity. A global issue of epic proportions, the lack of clean, consumable water is a problem that currently affects over 700 million people. Through education and the implementation of H2O Enviro's state-of-the-art water management solutions, H2O Enviro aims to improve water conservation and retention.

- H2O Enviro is a complete water management engineering company that provides turnkey solutions for water and wastewater management and treatment.
- Team H2O Enviro has the experience and motivation to provide cutting edge technology solutions for all water management applications.
- The reliability and strength of H2O Enviro is demonstrated by our portfolio and retention rate of reputable clientele.
- At H2O Enviro, we unflinchingly live up to our status as an "Environmentally Conscious Company". We are interested in making a difference, and to do so we frequently collaborate with facility owners to develop reliability, efficiency and safety in all of our water systems.

Products and Projects

		Water Treatment Plants (PSF/ACF/DM/UF/ RO plants etc)
Sewage Treatment Plants (UASBR/ASP/SAFF/MBBR/ MBR/SBR/RBC/BIOFILTER)	Effluent Treatment Plants (Primary/Secondary/ Tertiary and ZLD)	Under Ground Drainage System (Survey, Design, Turnkey job)
Automation & Instrumentation for water & wastewater management systems (PLC, HMI, SCADA)	Ozone Generators (For Air & Water applications)	Swimming Pools (Filtration plant, Pool accessories, Turnkey job)

SERVICES

Consultancy Services
(All Aspects Related to
Water and Wastewater Mgmt.)

O & M Services
(For Water and Wastewater
Treatment Systems)

Spares
(Resin/media, Equipments etc)

OUR PRODUCT RANGE

➤ETP CHEMICALS

- Co-Agulants
- Flocculants
- Dewatering chemicals
- Colour Removing Agents
- PAC , Alum and Others chemicals

➤RO CHEMICALS

- RO anti-scalant
- RO Membrane Cleaning Chemicals
- Ph booster
- SMBS
- Biocide and Others Chemicals

➤Defoamer

- Silicon and Non Silicon Defoamer
- Edible oil based defoamer
- MEE Plant and aeration tank defoamer

➤Plants Manufacturing

- Softner
- DM plant
- RO plant
- MGF-ACF And others plants

➤Boiler Treatment Program

- Ph booster
- Anti-scalent
- Oxygenscavengers
- Amines boiler treatment program

➤Cooling tower treatment program

- Scale and Corrosion inhibitor
- Biocide (oxidizing and Non-oxidizing)
- Chlorine dioxide
- Organic dispersants
